NEWS RELEASE

Harkins Builders Wins Excellence in Construction Award for The Hammond at Greenmount Park

Harkins Builders, Inc. has been honored with a Platinum level Excellence in Construction Award, presented by ABC Greater Baltimore, for the construction of The Hammond at Greenmount Park in the Johnston Square neighborhood of Baltimore.

ABC Greater Baltimore annually recognizes general and specialty contractors for Excellence in Construction in the Baltimore region. Each year, members nominate their best projects describing the unique characteristics and quality of their craftsmanship. Projects are judged by impartial members of the construction industry, including engineers and architects, according to the criteria for each award.

Developed by Somerset Development Company, New Community Partners, and ReBUILD Metro with a construction cost of approximately $33 million, The Hammond at Greenmount Park brings 109 mixed income units to the neighborhood along with community amenities that serve the needs of families and residents of all ages. Most notable of these amenities are the Enoch Pratt Free Library Johnston Square branch on the ground floor, welcoming public spaces, and sustainability features that strengthen long-term livability and affordability, ensuring that the benefits of reinvestment remain with the community.

Somerset Development congratulates Harkins Builders and the entire project team on receiving one of the Baltimore region's premier construction awards.

Somerset Development Company, LLC focuses on the development and preservation of affordable housing as well as mixed income, mixed-use and market-rate residential properties, specializing in the revitalization of urban communities through the redevelopment of distressed properties. Since our founding in 2000, our mission is to achieve comprehensive and sustainable community revitalization by partnering with tenant associations, community organizations, non-profits, local businesses, and organizations in the public sector that share Somerset's vision, while also investing in quality resident services programs to support our residents in these underserved communities.
